IFSTA – LMS SYSTEM – HELPFUL SETUP STEPS FOR INSTRUCTORS & STUDENTS

STUDENT STEPS:

Each student must [create an account](#) before they can be enrolled into a course. While creating an account, they should add their PSID to their account by following these steps:

1. In the top right corner, click on your name and select "Profile."
2. In the "User details" box, select the red "Edit profile."
3. Scroll to the bottom and expand the "Optional" tab.
4. Next to "ID number" enter PSID.
5. Click "Update profile."

Once a student does this in their account, their PSID number will appear in the ID number field when you export.

INSTRUCTORS STEPS TO ENROLL AND REMOVE STUDENTS FROM THE COURSE.

All students must [create an account](#) before they can be enrolled in the course.

1. On the main course page, click the three lines in the top left on the gray bar. Choose "Participants." This will bring up the list of enrolled users.
2. On the right hand side of the Participants page, you will click "Enroll users."
3. In the "Select users" box, search the student's name or email. Choose the correct student once names populate.
4. Once you select the correct student, click "Enroll selected users and cohorts" to enroll the student in the course.
5. To remove a student from the course, click the X to the far right of a student's name on the participant page.

NATIONAL EMS SAFETY COUNCIL

The National EMS Safety Council provides [a roadmap for EMS agencies](#) to develop and implement a comprehensive workplace safety program, customizable to their agency type, size, and needs.

MOBILE TRAINING PROPS (TRAILERS)

There are currently four (4) training trailers available for departments to request for training.

1. Mobile Live Fire Training Trailer – Propane-fed live fire training scenarios for firefighter skills.
2. Hazmat Training Trailer – Props to perform hazmat technician skill training and testing.
3. Propane Prop Training Trailer – Christmas tree and propane tank for Firefighter II skills.
4. Vehicle and Machinery prop trailer – Props to perform skills for vehicle/machinery operations and technician skill refresher & testing.

Requests for usage of the Mobile Live Fire Training, Hazmat Training, Mobile Propane Training, or Vehicle and Machinery Training simulator trailers must be made through the local fire training council district coordinator. The requestor is responsible for:

- Ensuring qualified instructors are present and in charge of the trainings held.
- Ensuring the trailer is cleaned and secured for transport when the trailer is picked up.
- Replacement of all expendable materials (propane, smoke machine fluid, etc.).

INTERNATIONAL FIRE CHIEFS ASSOCIATION

Considering adding a mobile integrated healthcare (MIH) program to your department? [This handbook](#) provides information on MIH programs as well as discusses how to decide when it is appropriate to implement an MIH program.

NATIONAL FIRE ACADEMY UPDATE

The National Fire Academy (NFA) has made changes concerning NFA training conducted in-state or locally. Effective immediately, instructors are required to turn multiple items, including:

- The NFA short form applications
 - Ensure each application has the Student's FEMA SID number and not the state PSID number. Failure to provide student FEMA SID numbers will result in student not receiving credit for the course.
 - If the student does not have a FEMA SID number please have them log on to <https://cdp.dhs.gov/FEMASID> to register for an SID.
- A roster with the students' name, email and a letter grade
- A coversheet for each course

Please mail or deliver student applications, class graded roster, and NFA course cover sheets to:
Wade Walling, IDHS NFA Training Program Manager
302 West Washington Street Room W-246 Indianapolis, IN 46204.

When Wade receives application packets he will sign the applications and submit them to the National Fire Academy. Once the National Fire Academy issues certificates the student will receive an email with instruction on how to download their certification.
